6

Paso 1

Imprime las hojas

Paso 2

Corta ambos cuadrados y pégalos

Paso 3

Corte en 4 ángulos sobre las líneas de puntos

Paso 4

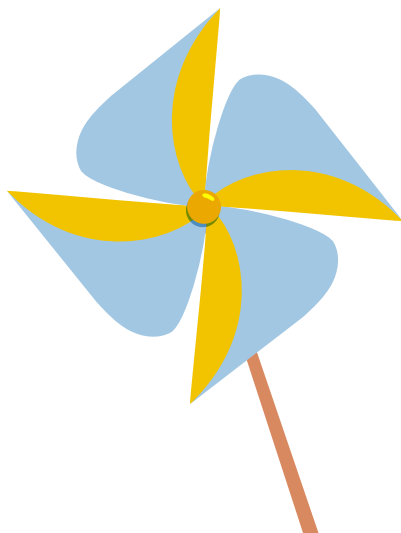

Fold the 4 corners in the center by overlapping the crosses

Paso 5

Haz un agujero en el centro y utiliza una pinza parisina para unir los 4 ángulos

Paso 6

Pega una espiga de madera en la parte posterior para utilizarla como asa

Pssss: Personaliza tu molino de viento
